

CASUALTY

PERse offers innovative insurance solutions specifically tailored to meet the ever-evolving liability needs of renewable energy insureds. PERse's liability policies provide owners with interest coverage for new and existing renewable energy projects for solar, onshore wind, hydro and battery storage (BESS).

Whether we are providing insurance for 1 MW or 1 GW, PERse provides a superior level of service to clients through our breadth of product offerings, underwriting capabilities, technical services and administration. The PERse team is dedicated to forming exceptional long-term relationships and maintaining its impressive track record in the renewable energy industry.

TARGET CLASSES

Coverage can be provided for all phases of the project cycle, including:

- **Development**

Includes coverage for mostly vacant land with initial minor work being performed onsite prior to commencement of construction.

- **Construction**

Our policies offer excess of the EPC contractor's, who typically have limits of insurance ranging from \$5M to \$25M.

- **Operations**

Provided limits are in excess of the O&M contractor's insurance, on a contingent basis.

As part of PERse's goal to develop successful, long-term relationships, we frequently provide estimated insurance costs for specific projects to assist insureds in managing budget expectations and ensuring insurance requirements are met—and we do so at no cost to the insured!

COVERAGE HIGHLIGHTS

- Primary General Liability: USD 1M per occurrence / USD 2M aggregate
- Up to USD 25M in umbrella limits
- Wildfire coverages up to a maximum of \$15M
- Capabilities of sitting excess of a domestic umbrella (i.e. \$15M x \$10M)
- Hired Non-Owned Auto Coverage within the Primary General Liability Policy
- Excess Auto Liability
- Excess Employers Liability, excess of a \$1M primary policy
- Coverage available worldwide

Power Energy Risk's (PERse) operations are conducted through several legal entities, the choice of which depends on where the entities are authorized to operate. In the US, Power Energy Risk is a series of RSG Underwriting Managers, LLC, a Delaware limited liability company based in Illinois (RSG Underwriting Managers US). In the UK, PERse is a tradename of RSG Underwriting Managers Europe Limited (RSG Underwriting Managers UK), authorized and regulated by the Financial Conduct Authority (FRN 733324). Registered office: 30 St. Mary Axe, 13th Floor, London, EC3A 8BF, United Kingdom. Company number 07164987. In the EEA, PERse EEA is a tradename of Ryan Specialty Group Denmark A/S (RSG Denmark), authorized by the Danish Financial Services Authority. CVR-Nr 32470742. Registered office: Strandvejen 125, 2900 Hellerup, Denmark. RSG Underwriting Managers US, RSG Underwriting Managers UK and RSG Denmark are subsidiaries of Ryan Specialty Group, LLC. PERse works directly with brokers, agents and insurance carriers, and as such does not solicit personal lines insurance products from the public. Some products may only be available in certain jurisdictions, and some products may only be available in the US from surplus lines insurers. In California: RSG Insurance Services, LLC (License #0E50879). ©2022 Ryan Specialty Group, LLC
