

## CARGO AND STOCK THROUGHPUT

### CARGO AND STOCK THROUGHPUT PROTECTION FOR MOST INDUSTRIES

At Trident, we offer bespoke insurance and risk management solutions to help protect your clients business and its assets. Our tailor-made logistics products will help to manage your client’s risk profile, to help them focus on what is most important- growing their business.

#### COVERAGE AND BENEFITS

- Local underwriting for fast and responsive service
- We can underwrite virtually any industry or product
- International territory included, where applicable
- Broad “all risks” coverage
- CAT coverage can include named wind / quake
- Limits of up to \$10MM available - with higher limits possible through referral
- U.S.–based claims handling

#### STOCK THROUGHPUT BENEFITS

- Significant cost savings - Our product combines transit and stock, which frequently is more cost-effective than separate traditional cargo and property placements.
- Reduced deductibles applicable to stock likely.
- Coverage is provided on a “seamless” basis and can cover inventory such as raw materials all the way through finished and sold products.
- Transit, storage and processing can all be included.
